Experiencia

Nerds OnSite

Deployment and Management of
Digital Services on Linux Servers

Dic 2019 - ago 2023

I worked as an independent contractor in the deployment, implementation, and management of the Zabbix business model as a monitoring system for pfsense devices, ensuring its efficiency and adaptation to the client's needs.

SALCEDO PRO

Social media management

Dic 2018 - ago 2019

As an independent contractor, I played a crucial role in creating and managing posts for platforms such as Facebook, TikTok, and Instagram. Additionally, my contribution extended to structuring the business model, providing ideas that drove its development and growth.

Digital NetWork.srl

Operational Technician in
Structured Cabling.

Dic 2011 - Ago 2022

Participé en la parte administrativa como miembro de Recursos Humanos, encargado específicamente de los inventarios. También participé en la primera auditoría de ISO y OSHAS, demostrando responsabilidad, compromiso y honestidad en el desempeño de mis funciones.
